Second 1933 Tax Bill Now Being Collected By Township Officers

The second installment of the 1933 taxes are now due and being collected by the local township collectors who will be active at this duty for the rest of the month. May 1 is the penalty deadline.

Local officials join in urging the payment of the taxes to these collectors, as thus the money goes directly to the village, schools, and other taxing bodies. If taxes are paid in Chicago, the money is held there for a considerable length of time, while local officials must issue interest bearing warrants to cover their expenses.

William Annen, Wheeling township collector, will again have his office in the People's State bank building in Arlington Heights, but plans as to office hours and days of the week have not been announced.

Paul Holste, Elk Grove township collector, will make collections at the Mt. Prospect State bank, but has likewise not yet announced hours or days.

Miss Grace Beutler, Palatine township collector, will be collecting taxes daily until April 29 in the office of E. P. Steinbrink in the First National Bank building.

The plot is built around a blue hand bag containing smuggled jewels and you can well imagine the comedy that can arise when every blue hand bag in sight is searched.

The play is under the direction of Mr. K. L. Busse which will assure everyone of seeing a well directed and well planned play. The price of tickets will be 35 cents for adults and 15 cents for children. Curtain will be called at 8 p. m.

VOLZ SPEAKS TO REPUBLICANS AT OAK PARK

Addresses Young Men's Group on Crisis Now Before Country

It is no secret that the old timers of the Republican party are ready to step aside to the younger men upon whom has fallen the mantle of responsibility to keep the principles of the Republican party alive. All over the state of Illinois new groups of young men are forming and a new Republican party will result," states Rex Volz, of Arlington Heights, who took the initiative in the last campaign in forming young men's Republican clubs.

"These clubs," continues Mr. Volz, "are growing in numbers and strength. It is admitted that the Republican party of the future will not be the same Republican party of the past, but will be a bigger and greater organization, facing new problems fearlessly."

"The election of republican county commissioners in the suburban towns of Cook county last November," Mr. Volz explained, "is the handwriting upon the wall of what is going to happen in other parts of the state as the voters realize more and more the need of a sound government."

Mr. Volz was invited to speak Tuesday night before the Oak Park Young Republican club. His talk was straight from the shoulder, devoid of any fireworks, yet providing a lot of food for thought of the voter who wonders what is going to happen in this country tomorrow.

(Note the full text of Mr. Volz address will be found on page eight of this issue.)

SOFTBALL MEETING MONDAY
Softball managers and sponsors of Arlington Heights will meet at 7:30 o'clock Monday night. Another league such as was organized last year will be discussed. Those who wish to form new teams are also being invited to attend the meeting which will be held in Hartmann's shoe store, 214 North Dunton avenue.

St. Peter's Lutheran
A class of 42 young people, all pupils of the church's day school, will be received into membership in St. Peter's Lutheran church when they personally renew their baptismal pledge, confess faith, and pledge loyalty at the confirmation ceremony Sunday.

This is the first class instructed exclusively in English, and therefore the confirmation service will be conducted in that language. The class is evenly divided between boys and girls, there being 21 of each.

Members of the class are Lucille Landeck, Florence Hone-mann, Harriet Fricke, Lorna Meyer, Lorraine Luetschwager, Arlene Nagel, Hilda Stoekel, Virginia Nette, Elvera Mueller, Elvera Kastning.

Dorothy Heuer, Ruth Busse, Esther Schulenburg, Lorraine Grewe, Elsie Karstens, Lorraine Schoen-beck, Anita Kranz, Muriel Neumann, Gertrude Mierisch, Ruth Heinemann.

Wheeling Winner in Checker Match at Parkview Tavern
A team of checker players from Wheeling defeated Arlington Heights last week in a checker match at the Park View tavern, in Arlington Heights. The final figures were Wheeling 38, Arlington Heights 34, a difference of only one game. This match game resulted from a challenge received from Wheeling after the recent checker tournament held at the same place.

Wheeling was represented by Earl Johnson, Herbert Lesch, Ralph Holtrop, Wm. Lawrence, Edw. Becker and Frank Hutchinson, latter two from Libertyville. Arlington was defended by Messrs. Thompson, Gieseke, Megel, Geo. Klueg, Wilbur Meyer and Frank Hertzog.

Following the match, the high men on each side were pitted against each other, Hutchinson, of Wheeling defeating Eddie Thompson, of Arlington Heights.

The Arlington Heights checker men are not in the professional class, but they are ready to receive challenges from neighboring towns. Inquiries should be directed care of the Park View Tavern.

SCHEDULE FOR HIGH SCHOOL'S BASEBALL OUT

2 Divisions Will Play 6 Games Each; Open April 26

The Northwest Suburban high school conference baseball schedule was announced Tuesday. The season will open April 26, with the conference divided into two divisions, north and south, which will each play six games.

Only six of the 12 schools in the conference are entered in the baseball race. They are Antioch, Warren, Wauconda, Leyden, Arlington Heights and Ela. Last year Arlington Heights won the championship.

The north division schedule is: April 26, Antioch at Warren; May 3, Warren at Wauconda; May 11, Antioch at Wauconda; May 17, Warren at Antioch; May 21, Wauconda at Antioch; May 24, Wauconda at Warren.

The south division schedule is: April 26, Leyden at Arlington; May 3, Ela at Leyden; May 10, Arlington at Ela; May 17, Leyden at Ela; May 21, Arlington at Leyden; May 24, Ela at Arlington.

Should the winner of second and third places in each division wish to play a two game series this will be arranged between the schools interested.

Arlington, Mt. Prospect Boy Scout Units Honored

Arlington Heights and Mt. Prospect Boy Scout units are among the seven units on the finance honor roll of the Northwest Suburban Boy Scout council. During the first quarter of 1935 Cub Pack 223 of Mt. Prospect brought in 37 per cent and Troop 7 of Arlington Heights 35 per cent of their quota for the year.

Seven units won places on the honor roll for having more than 25 per cent of their quota. The work of the council is financed through memberships in the Scout club.

38 Arlington Grade Pupils on Honor Roll For March Scholarship

Candidates in Arlington Seek Large Vote; Two Independents

The village elections occur next Tuesday. In Arlington Heights, it has been a campaign absolutely free from personalities. There are two men running as independents, Elmer Karstens is a candidate for trustee and George Kloefer is a candidate for police magistrate.

While a record vote is not to be expected, efforts are being made by present members and the new candidates to interest the public in going to the polls.

The members of the present board, who, with the addition of two men upon their ticket are candidates upon the record that they have made the past term. Mayor Flentie and his associates have accomplished a great deal. They have given the village a business-like administration that has placed the finances of the municipality upon a solid foundation. The public seems to recognize the service that these men have given. An election Tuesday gives the voters of this village an opportunity to say "thank you."

The candidates upon the village ticket are: For mayor, J. D. Flentie; for trustees, Walter Krause, Gus Framberg, Geo. Schaefer, George Klehm, Geo. Schneberger, and Frank Burns; for village clerk, A. L. McElhose; for police magistrate, P. K. Ladas.

The candidates for members of the library board (unopposed) are Alfred T. Capp, Jr. and Henry R. Franke.

All winning pictures will become the property of the drug company. The contest opens today and will close April 15 with the winners to be announced April 17.

The confirmands are Edna Gaitsch, Herbert Gatzke, Walter Joost, Gladys Moeller, Lucille Mueller, Arthur Nightingale, and Marvin Seegers.

VILLAGE ELECTIONS TUESDAY

Easter Cantata Is Under Preparation

Arlington Heights will have its usual Easter cantata this year. It will be presented at the M. E. church Sunday evening, April 21 and is directed by Theodore Miltzer. Singers from neighboring churches and communities are lending their aid to the presentation. Arlington Heights has always appreciated good music, and an invitation is extended to the general public to attend.

ELECT THIS NON-PARTISAN GROUP

Reasons why Citizens and Tax Payers Should Support Present Administration

Having represented you as President of the Board of Trustees of this village for six years, I feel that I know existing conditions and am qualified to say the following:

The Board of Trustees have worked hard and conscientiously the past few years and have made many changes which I think are beneficial to our community.

There is no doubt that the new water supply is the most outstanding, but we should not forget the many other improvements.

Extension of Water Mains.
Planting of Trees.
Leak repairs, sidewalks.
Installation of Treasurer's office and installation of modern council chambers.
New quarters for fire department.
Lowering of insurance rates.

Use of relief labor in installation of permanent improvements, such as street widening, sidewalk repairs, landscaping of village property, and a multitude of other projects, thereby providing relief employment for a great many of the unemployed in Arlington Heights.

All these and many others have been accomplished without assessments or any additional taxes. In fact your taxes have been lowered considerably.

I feel that there is no better way for the public to show its appreciation for what their board has done than by a vote of confidence for the entire Village Ticket at the election next Tuesday.

The members of the board of trustees have sacrificed many hours and days for the benefit of the community—not for personal gain but in order to make Arlington Heights a better town in which to reside.

Let us keep national, state and county politics out of Village affairs by voting for the Non-Partisan VILLAGE TICKET.

J. D. FLENTIE.

Village is Making Beauty Spots of Water Tower Sites

The erection of a new water tower upon village property adjoining the Northwest highway has in reality transferred one of the unsightly lots in the front yard of Arlington Heights into a place of beauty. It will be beautiful as soon as nature does her part.

Tower Park is the name that has been given to Arlington's newest park. Relief workers have been spending ten days leveling off, grading, landscaping and seeding this property, all without a cent of cost to the village. A spirea hedge, evergreens and ten Moline elms, beside other shrubs are now in place, all of which were donated by the Arlington Heights Village Engineer, Wm. Luchring, village engineer made the original plans for the work and has outlined further improvements which included the erection of an entrance trellis.

Modernistic Water Building
Plans of the water department include some important improvements at the north side water tower. The brick is on the job awaiting arrival of relief brick layers to veneer the present structure. The pump lift structure which rises above the building and is always unsightly is to be encased with a stucco-finished tower. This is another improvement that costs the village practically nothing.

Many Improvements at Arlington Service Station

The Arlington Service station, operated by Oren Neville, will soon have greatly improved facilities in the handling of cars and be able to meet all competition in automobile servicing. A double service building is being erected and will be especially equipped for washing and greasing. The opening will be about May 1st.

Boys' Cooking Class For Arlington High Is Asked by Student

Cooking classes for boys, and a choice between sewing or mechanical drawing for girls are changes advocated in the curriculum of the Arlington Heights high school by Donald Johnson, a junior, one of five students with whom interviews are reported in the recent issue of the "Cardinal" publication of the school.

Asked the questions "What do you think of the present curriculum?" and "What changes would you make?" two seniors, two juniors, and a freshman gave their opinions. The freshman, Lorraine Woodyatt, said "Ask me the question when I'm a senior."

Douglas Milligan, senior, suggested longer laboratory and manual training periods, and said that the short lunch period was too hurried for students who went home for lunch. Earl Giesecke, senior, was "perfectly satisfied." More sports for girls, and a larger variety of subjects were advocated by Lorraine Jonas, junior.

Arlington Theater Now Offers New Free Chinaware

Manager Godshaw, of the Arlington Heights theatre, announces the exclusive purchase of 69,000 pieces of new items of Harker's Chinaware to be added to the present collection. A \$1.50 18-inch meat platter, a \$1.25 16-inch cake platter, a sugar and creamer, soup dishes, egg plates, salad fork, sugar scoops, and a \$1.50 mixing bowl will soon be on display and the give away will start right in with the display. Many contracts for the 1935 and 36 picture out-put have been signed assuring the Arlington, the choice of the best and endorsed features. Many local societies, lodges and organizations have reaped splendid monetary returns from the sponsoring of evenings at the Arlington. The liberal sharing terms are inducing many others to tackle the idea.

A Des Plaines lodge and a Palatine organization are the latest to apply for evenings. The Red Wing's baseball team sponsors are now disposing of tickets for "The Mighty Barnum," showing Sunday, and a large crowd is expected for this grand picture, with Wally Beery headlining.

The Arlington with popular Bruce Godshaw as the motivating genius is certainly on the map—conspicuously and financially. Mr. Godshaw expects to break all records with the "Lives of a Bengal Lancer," the outstanding hit for next week.

More People Move to Arlington Heights

There will soon not be many vacant places in Arlington Heights if new residents continue to arrive in the City of Good Neighbors. Eight more families have arrived past ten days. Who they are and where they live are as follows:
E. B. Stein, 634 So. Mitchell.
D. M. Miller, 805 So. Mitchell.
C. W. Haneson, 634 So. Dunton.
Harry Smart, 629 So. Dunton.
Frank M. Hessler, 108 N. Dwyer.
Walter F. Storm, 627 So. Highland.

The advantages of Arlington Heights as a resident town, with the good train service attracted Mrs. Ernst Kramer and her family to make their home here. They were formerly upon a farm. Occasionally some Arlington residents leave town. There are only two to report, however. Jas. P. Madden is moving this week from 621 So. Belmont to Evanston. N. R. Ring is moving to Gladstone Park.

Jos. Blank has moved from Euclid to 202 So. Mitchell. Harley Easton has moved from So. Mitchell to the Hagenbring apartments.

Surprise Welcomes Family Home From Florida

Saturday evening, April 6, the true spirit of "The City of Good Neighbors" found its highest expression in the delightful welcome home surprise planned by Mrs. W. M. Weber and Mrs. August Toussaint, as a greeting to Mr. and Mrs. McDonald, on their return from Florida, held in the home of the

Webers on North Pine. The McDonalds were invited to spend the evening with the Webers, presumably to help celebrate Mr. Weber's birthday, which is still "in the offing." Mr. Weber lead the McDonalds down to a room where they would have a game, when he opened the door to go in, there the company were assembled and they were joyfully greeted with Surprise! Surprise!

Were they happy? Coming from the warm air of the southland, this warm, genial welcome

greeting from neighbors and friends, warmed their hearts as no southland sephyr could. It was a cheerful happy party, refreshments games and a few rounds of dancing, when "tripping the light fantastic toe" was an added feature of joyous expression.

The company were disappointed that Mrs. Toussaint was hindered from entering into the delights of the welcome home party she so enthusiastically helped to arrange, because of the illness of her daughter, her absence was regretted by the otherwise perfect party.

What is the news? Read as we go. To spread the safest news we know.

Election breezes are astir. Each boosting the one they prefer; Palm Sunday tells us Easter comes bringing great joy to all our homes.

Much called news we dare not tell. If you don't hear 'tis just as well; Plenty of news don't you forget. The best news hasn't happened yet. Read your home paper up and down.

So doing you build for our town. Please Note—"I wish to take this means to express to my many friends who so kindly sent words of love and cheer to me while I was in the hospital—Mrs. W. W. Guild."

Mrs. Beatty accompanies her daughter as chaperon. Certainly a grand experience for all in the company. During their absence Mr. J. Y. Beatty will stay with his mother, Mrs. D. G. Beatty. A happier experience for her than even a trip to Europe.

Wednesday afternoon this week the friends of Mrs. Ella Boeger, or not all, but a company of her friends, came to her home to give her a little surprise. Of course they brought the "makings" of a real party with them. You may be sure their hostess furnished the full share of cheer with her happy smile of welcome. This may be continued when we hear the report afterwards, anyway it was a happy affair.

Mrs. H. G. Lorenzen was unable to be in her place in the school room last week. She is reported to be hopelessly better, and may soon be recovered for enough to resume her school work.

Arlington Auxiliary Meets Thursday Night, Plans for Two Trips

Meeting Thursday night instead of Tuesday, 16 members of the Arlington Heights American Legion Auxiliary heard Miss Martha Jackson, community health nurse, speak of child welfare. The change of date was because of the Auxiliary's fashion show, which Mrs. C. L. Griffith reported to have been a financial success.

Plans were made for a tour May 6, through a fur factory and stock. At least 30 women are to go, and they will travel together in a special bus. Mrs. Thomas A. Pope announced a trip to Elgin for April 24. The group will be accompanied by Mrs. Pope also made a plea for silk stockings and old underwear, magazines, games, and old cards for the veterans.

Adele Nuttini Concert Was a Musical Treat

One of the season's largest and most enthusiastic audiences was on hand to hear Adele Nuttini, the Arlington Heights soprano, in her first "home town" concert, last Sunday, in the high school auditorium. It was an appreciative audience and a splendid program. One mark of appreciation that was outstanding was the way in which Mrs. Brynaldson held her audience throughout the entire program.

To those who had heard her in recital before, she seemed to be in better voice, if possible, than at any time in her career. And to those "home towners," hearing her for the first time, it was a revelation in good music.

While many in the audience were from out of town, Chicago and Milwaukee, and other places in which Adele Nuttini has appeared—still Arlington Heights maintained its reputation as a music center by being well represented.

In response to the inquiries of those who were unable to attend this affair, the Herald is advised that it will not be repeated this season in Arlington Heights, but that there is a movement on foot to make Adele Nuttini's "home town" concert an annual occurrence.

A surprise novelty number which did not appear upon the program was the appearance of four year old Dawn Alma, a niece of Mrs. Brynaldson, who sang several popular songs in a sweet childish manner.

CHRISTIAN SCIENCE CHURCHES

"Unreality" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, April 7. The Golden Text was, "Judge not according to the appearance, but judge righteous judgment" (John 7:24).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "They that trust in the Lord shall be as mount Zion, which cannot be removed, but abideth for ever. As the mountains are round about Jerusalem, so the Lord is round about his people from henceforth even for ever" (Psalms 125:1, 2).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "When we come to have more faith in the truth of being than we have in error, more faith in Spirit than in matter, more faith in living than in dying, more faith in God than in man, then no material suppositions can prevent us from healing the sick and destroying error" (p. 308).

Geo. Weiss, Father of Walter, Dies Friday

Mr. George Weiss of 4144 N. Paulina street, Chicago, father of Walter W. Weiss, passed away Friday, April 5, at the age of 67. His death followed a two weeks stay in the hospital where he had gone for an operation not considered serious. The immediate cause of his passing away was pneumonia, which he contracted a week following the operation. The funeral services were held in the Kraspe Funeral Parlors on last Monday. The officiating minister was Reverend Dinkmeyer, his pastor.

Mr. Weiss was a mechanical engineer and had lived at the address given above for twenty-five years. Surviving him are his widow and five children, Walter, Elsie, George Pearl and Mrs. Bertha Galbraith, all of whom, except Walter, live in Chicago.

Plans are being made for a triangular meet of Arlington Heights, Palatine and Barrington high school track and field men at Barrington Tuesday afternoon.

The Dreyer Electric Co. moved into their new home in the Vail-Davis building a month ago. Since that time this firm has been receiving shipments of new merchandise, new store fixtures and otherwise preparing for the big opening in which there will be on display and demonstrated numerous lines of household appliances.

The wholesalers are cooperating in the opening display and lines never before sold by Mr. Dreyer will become a part of his regular stock. The general public will find a variety of selection and as wide a range as could be found on almost any Chicago display floor.

Saturday, April 20 is the opening day. Ten electric lamps will be given away and there will be other special features that will be announced in the next issue of this paper.

Garlich a team, 4 and 5 years old matched sorrels for \$540, which may be seen a good price, but Mr. Butenschoen feels that he has one of the finest teams in the county. Incidentally, Mr. Garlich has some other good horses that are waiting for buyers.

Arlington Legionnaires Choose New Officers for Drum and Bugle Corps

New officers for the drum and bugle corps of the Merle Guild post of the American Legion in Arlington Heights were chosen at a meeting last week. Phil Engelking was elected commander, Tom Pope vice commander, Joe Klock adjutant, and Vic Pecchia business manager. Bill Simon was appointed musical director.

Plans for the year were discussed, and Warren Parker, unemployed chairman, reported only four questionnaires returned. He stated that without co-operation in the filling and returning of these questionnaires, plans for aiding unemployed would fall through. At a recent meeting Bill Keith, American Legion inspector of PWA projects, had told of the efforts of the Legion to give its men and ex-service men preference on PWA works.

Orville Kurtz was back from the Hines hospital and able to attend the meeting. Friday, some members of the Junior Legionnaire squadron attended an installation of officers at Crystal Lake, where George Helm, Americanization chairman for Cook county, spoke. The squadron will meet tonight, inaugurating meetings on the first and third Friday nights of each month instead of the corresponding Wednesdays.

Two Arlington Heights Seniors Average 6.47 In Scholastic Standing

Miriam Hubert and Ruth Hartmann lead the senior class of the Arlington Heights high school in scholastic standing. Based on a ranking of 7 for A, 6 for A-, 5 for B, 4 for B-, 3 for C, 2 for C-, and 1 for D, these students both have a scholastic average of 6.47 for the three of one-half years they have been in school.

The senior class has 63 members. Others of the first 10 in scholarship with their averages are, Miriam Noyes 5.84, Jane Thompson 5.76, Roger Hertel 5.75, Ruby Bunn 5.48, Marie Zimmer 5.34, Florence Patrick 5.30, Ralph Spears 5.25, and Joyce Colba 5.17.

Due to the fact that colleges and universities require that applicants for admission be in the upper fractions of their class, it is necessary that these ranks be ascertained. These 10 names represent the upper one-sixth of the class," said A. M. Conger, principal of the school in releasing the list.

"The present trend of college requirements is upward, and the student often finds that certain schools which he would like to enter are closed to him because he has not carried his high school work well enough," he added.

Unlike the old time Chautauqua, it is not going to be held in a tent, but in the Methodist Auditorium. There will be a play, a minstrel show, music and other features. Hope to see you there, too.

Sunday, Mr. and Mrs. Fred C. Utterback drove to Richmond, Ill., to visit Mr. and Mrs. Arthur Oehmke.

Two cousins, Muriel Neumann and Wilbert Grandt, are in the same confirmation class this year. The family group met last Sunday with Mrs. Paul Neumann. This Sunday the group will be entertained at the Grandt home.

Farm Bureau-I. A. A.

Membership Growing

Membership in the county farm bureau and the Illinois Agricultural association is climbing steadily, according to George Metzger, field secretary for the I. A. A., who recently completed a trip thru more than a dozen counties. From January 1, 1935 to March 9, a total of 2,981 new members were signed. Based on these figures members are joining at the rate of about 300 a week.

Each county has been given a membership quota providing for an increase of 10 to 50 members per month based on the size of the county. If all counties make their quotas, according to Mr. Metzger, paid-up membership in the association at the close of the year would exceed 80,000.

An idea of the increased soybean acreage can be gained from the government figures of 1914 which credited Illinois with but 2,000 acres. Since that time, industry, science and agriculture have joined together to find new uses for soy-oil extracted from the beans.

1,683,000 Acres is 1935 State Soybean Estimate

The ability of soybeans to resist chinch bugs has increased the interest of Illinois farmers to the point where this year they will plant an estimated 1,683,000 acres of this valuable crop of many uses.

Chinch Bug Damage

Depends on Weather

There are more chinch bugs alive in Illinois now than at this time last year, but the amount of damage they will cause will depend upon the weather conditions in late May and June, says Prof. Wesley P. Flint, chief entomologist of the Illinois Natural History Survey in the April issue of the Illinois Agricultural Association Record.

If the weather during that period is wet, the bugs will do little damage. That is the time when they are just starting to mate and lay their eggs.

Emergency Farm Loans Now Available—Myers

Emergency crop and feed loans from the \$60,000,000 fund appropriated by Congress are available to farmers. As in the past, applications for emergency crop loans will be made to the county crop loan committees. The personnel and location of these committees may be obtained from the various county agricultural agents.

Emergency crop loans will be made only to farmers who are unable to obtain credit elsewhere for necessary supplies and feed. The size of the loans range from \$10 to \$500. However, no loan for the growing or harvesting of crops may be made in an amount greater than is actually needed in each case. The fund appropriated specifically for emergency purposes must be used to assist the maximum number of such needs.

Much of Seed Corn Found to be Infected

Farmers who hope to cash in on any 1935 increase in the price of corn are getting ready now to protect their crop against threatened heavy damage by corn diseases, says Benjamin Koehler, associate chief in crop pathology at the College of Agriculture, University of Illinois. Seed corn not only is scarce this spring but also more seriously infected with destructive diseases, he reported.

Co-Operation to Build Farm-To-Market Roads for Downstate Counties

Between 30 and 35 downstate Illinois counties are considering the pooling of all township road equipment, personnel and materials, and adopting a county-wide farm-to-market road improvement program, according to information received by the Illinois Agricultural Association from the Illinois Emergency Relief Commission.

The county-wide road improvement project was initiated by farm bureau leaders in Jo Daviess county following their return from the recent annual meeting of the I. A. A. in Quincy. In Jo Daviess county the board of supervisors recently approved a plan to hard surface some 214 miles of dirt roads at a cost of \$35,000. The state emergency relief commission has agreed to provide \$110,000 of this in the form of labor by workmen taken from the relief rolls. It is estimated that an average of 380 men will be given work daily for more than a year.

The Jo Daviess plan, it is said, will place 75 per cent of the farmers in that county on a hard road and every farmer in the county within a mile of one. As its share of the project, the county will pool all county and township road equipment, and provide \$96,990 worth of materials, mostly crushed rock, from publicly-owned quarries. The road project will be supervised by the county highway superintendent. All 23 township road commissioners will work with him as a unit.

"OUR RESPONSIBILITY AS YOUNG REPUBLICANS"

An Address by G. Rex Volz, Arlington Heights, Ill., to the Oak Park Young Republican Club, April 9, 1935

Every individual regardless of his station in life is today deeply concerned about the physical welfare and happiness of his family and himself, and is wondering what the future holds that would make life worth living. The problems of our social, political and economic life have become so intricate and complicated that any discussion regarding their solution should be approached with caution and integrity of purpose.

We, by identifying ourselves as Young Republicans, have elected to accept a partnership in a great political institution. Great, because from its very birth, it has represented the mass of American people to the best interests of the greatest number. Great, because its principles are practical and workable, and because it has perpetuated the form of government which our forefathers founded—a form of government which has given to our people the highest standard of living of any nation in the world. Great, because its leadership has engraved on the records of time seventy-five years of achievement for the benefit of all mankind. No political party is greater than the membership of which it is composed, and this great Republican Party has never, even in the face of defeat, sacrificed principle for political expediency. Having accepted a partnership in a party such as this we are in duty bound to uphold the principles and traditions of the party.

We are living in an age of experiment and opportunity in which we shall probably see within the span of our lives, a realignment of the social, political and economic structure of the entire world. Are we ready and willing to do our part in seeing that our people retain the life, liberty and pursuit of happiness with which God Almighty endowed them? We as young men ought to know the young men in our communities. Many of them have been brought up in a life of pleasure and luxury and now in this hour of social and economic disaster, they have seen the pleasures fade, and have been forced to face the world as it is. Fortunes have disappeared and a clear thinking, independent class of people have become dependents of the local and federal government. We have seen the leadership of the majority party of the day in a position of almost absolute power. Its record is one of broken promises and betrayal of the people who placed it in a position of public trust. It has been guilty for the first time in the history of the American nation of playing on the heart strings of human misery to win an election. These things, young men, have directed the attention of the mass mind to the political structure of the nation. With the power of the radio, the public press, and organs of propaganda, this mass mind, including the young men and women not yet seasoned, have been taken up on the mountain by the pork-barrel politicians and shown the promised land. These people have not the true perspective and do not see the picture of the political situation as it is. It is up to us who are patriotic enough and have the true perspective, to paint this picture as it is for the benefit of this great mass of people. Unconsciously we are being influenced and discouraged by the propaganda which surrounds us. We must think clearly and analyze carefully lest we lose sight of our objective.

No political organization can be effective unless it is united and working as an integral unit. It must be a leader of public opinion and embrace the full confidence of the people. We as young Republicans must cast aside our personal ambitions and join hands with the qualified veterans of the party to unite it under the banner of a common cause. We must put forth our youthful strength and fighting spirit to uphold our party principles and to maintain what is the only form of free government on the face of the globe. It is hard to be crucified and keep the faith, but we must remember that following the crucifixion there is a glorious resurrection which is eternal. In this hour of discouragement, criticism and discontent when we are working against almost insurmountable odds, I get no greater source of encouragement and inspiration than that of sitting down in my library and reading of the intimate life of the greatest leader the Republican Party ever had—a man who has been proclaimed the world's greatest ruler of men—a man of principle, vision and understanding, whose name stands alone in the history of nations—Abraham Lincoln. Lincoln began his political career early in life. He was a candidate for the Legislature from Sangamon county when but 25 years of age. He was defeated—his only defeat by a direct vote of the people. This defeat, while discouraging, only spurred him to greater achievements and a determination to continue his political activities. He was later elected to the Legislature, served eight years in that body, and was then sent to Congress for two years. He was an active campaigner for thirty years and finally out of an almost clear sky, he was called by the Republican Party to serve this Nation in its darkest hour and unite its people into a nation which was destined to become the leading nation of the world. Lincoln was a man of vision and many of his prophecies have come true—allow me to quote from his speech before

the Young Men's Lyceum of Springfield, Jan. 27, 1837, on the subject of "The Perpetuation of our Political Institutions." "But it may be asked, 'Why suppose danger to our political institutions? Have we not preserved them for more than fifty years? And why may we not for fifty times as long?'"

We hope there is no sufficient reason. We hope all danger may ever arise would itself be extremely dangerous. There are now, and will hereafter be, many causes, dangerous in their tendency, which have not existed heretofore, and which are not too insignificant to merit attention. That our government should have been maintained in its original form, from its establishment until now, is not much to be wondered at. It had many props to support it through that period, which now are decayed and crumbled away. Through that period it was felt by all to be an undecided experiment; now it is understood to be a successful one. Then, all that sought celebrity and fame and distinction expected to find them in the success of that experiment. Their all was staked upon it; their destiny was inseparably linked with it. Their ambition aspired to display before an admiring world a practical demonstration of the truth of a proposition which had hitherto been considered at best no better than problematical—namely, the capability of a people to govern themselves. If they succeeded they were to be immortalized; their names were to be transferred to counties, and cities, and rivers, and mountains; and to be revered and sung, and toasted through all time. If they failed, they were to be forgotten, and their names and their deeds were to sink and be forgotten. They succeeded. The experiment is successful, and thousands have won their deathless names in making it so. But the game is caught; and I believe it is true that with the catching end the pleasures of the chase. This field of glory is harvested, and the crop is already appropriated. But new reapers will arise, and they too will seek a field. It is to deny what the history of the world tells us is true, to suppose that men of ambition and talents will not continue to spring up amongst us. And when they do, they will as naturally seek the gratification of their ruling passion as others have done before them. The question then is, Can they be gratified in the position in which they are placed? It seems to me that the answer is, No. Most certainly it cannot. Many great and good men, sufficiently qualified for any task they should undertake, may ever be found whose ambition would aspire to nothing beyond a seat in Congress, a gubernatorial or a presidential chair; but such belong not to the family of the lion, or the tribe of the eagle. What! think you these places would satisfy an Alexander, a Caesar, or a Napoleon? Never! Towering genius disdains a beaten path. It seeks regions hitherto unexplored. It sees no distinction in adding story to story upon the monuments of fame erected to the memory of others. It denies that it is glory enough to serve under any chief. It scorns to tread in the footsteps of any predecessor, however illustrious. It thirsts and burns for distinction; and if possible, it will have it, whether at the expense of emancipating slaves or enslaving freemen. It is unreasonable, then, to expect that some man possessed of the loftiest genius, coupled with ambition sufficient to push it to its utmost stretch, will at some time spring up among us? And when such an one does, it will require the people to be united with each other, attached to the government and laws, and generally intelligent, to successfully frustrate his designs.

Distinction will be his paramount object, and although he would be willingly perhaps more so, acquire it by doing good as harm, yet that opportunity being past, and nothing left to be done in the way of building up, he would set boldly to the task of pulling down. Isn't it interesting to find that we have in the nation's capital today a man who fits the description of the self-seeking ambitious individual to whom Lincoln refers?

Lincoln was a great political philosopher and his philosophy is as sound and applicable today as the day it was given to the American people. In one of his Kansas speeches of 1858 he said: "We admit that the United States General Government is not charged with the duty of redressing or preventing all the wrongs in the world. But the government rightfully may, and subject to the Constitution ought to, redress and prevent all wrongs which are wrongs to the nation itself. The people—the people—are the rightful masters of both congresses and courts—not to overthrow the Constitution, but to overthrow the men who pervert it."

To effect our main object we have to employ auxiliary means. We must hold conventions, adopt platforms, select candidates, and carry elections. At every step we must be true to the main purpose.

If we adopt a platform falling short of our principle, or elect a man rejecting our principle, we not only take nothing affirmative by our success, but we draw upon the position of embarrassment of seeming ourselves to have abandoned our principle. That our principle, however baffled or delayed, will finally triumph, I do not permit myself to doubt. Men will pass away—die, die politically and naturally; but the principle will live, and live forever. Organizations rallied around that principle may, by their own dereliction, go to pieces, thereby losing all their time

and labor; but the principle will remain, and will reproduce another, and another, till the final triumph will come.

But to bring it soon, we must save our labor already performed—our organization, which has cost us so much time and toil to create. We must keep our principle constantly in view, and never be false to it. And as to men for leaders, we must remember that "He that is not for us is against us; and he that gathereh not with us scattereth."

Quoting again, Lincoln said—"Two years ago the Republicans of the nation mustered over thirteen hundred thousand strong. We did this under the single impulse of resistance to a common danger, with every external circumstance against us. Of strange, discordant, and even hostile elements, we gathered from the four winds, and formed and fought the battle through, under the constant hot fire of a disciplined, proud and pampered enemy. Did we brave all then to falter now—when that same enemy is wavering, dissolved, and beligerent? The result is not doubtful. WE SHALL NOT FAIL—IF WE STAND FIRM. WE SHALL NOT FAIL. WISE COUNSELS MAY ACCELERATE OR MISTAKES DELAY IT, BUT, SOON, OR OR LATER, THE VICTORY IS SURE TO COME."

We find ourselves in a situation today not unlike that in which Lincoln found himself in 1858. At that time seventy years had passed since the official birth of the nation and the approaching crisis which precipitated the Civil War was growing more acute. The nations of the Old World had focused their attention on the American Continent and they were eager to see the destruction of this new Republican form of Government, which permitted people to govern themselves. Our course of action at that time and the re-establishment of a United America are a matter of history.

Seventy years have now passed since the end of our Grea Civil War. We are again facing a crisis in the form of an attempt on the part of our public officials to destroy the fundamental principles of our system of government. The administration in Washington has dis regarded all of the natural laws to destroy our wealth and enslave our people in the New Deal we find more men unemployed and more people on relief. Industry is still paralyzed. Our agricultural program has destroyed our food products and is destroying the initiative of our farmers. The huge spending program with lack of revenue to support it and the failure of our federal government to curtail spending and balance the budget is resulting in the destruction of the faith of people in themselves and their government.

It is necessary to do more than make mere statements and therefore I am going to qualify them here and now—by making reference to the government report on income and expenditure for the first eight months of the present fiscal year as reviewed by Roger W. Babson.

"According to government figures, 23,375,000 persons are now on relief—one person out of every five. This is an increase of 77 per cent over a year ago, yet business is at the same level as last April. "So far this fiscal year, the Treasury has spent \$563,000,000 per month, or \$130,000,000 per week. Of these expenses, only 22 per cent went into direct relief; 30 per cent into public works and New Deal projects, and 48 per cent for ordinary running expenses. To pay its average monthly bill of over \$500,000,000 the Treasury receives about \$283,000,000."

In spite of the highest taxes in our history, the nation is going into the hole at the rate of \$281,000,000 per month, or \$66,000,000 per week."

Even while I have been talking to you tonight the government deficit has increased approximately \$200,000.

Never before in the history of the world has any nation so deliberately unbalanced its budget as the United States is doing at the present time.

We stand at the cross roads with the eyes of the world again focused on the American Continent. What course shall be taken? Shall we submit to this un-American Administration and follow the pathway of a Marx, a Mussolini, or a Hitler? Never! The ghosts of our patriotic forefathers would forever haunt us.

Let us keep the faith and vision of the founders of this great Republic and call upon the Supreme Architect of the Universe for guidance in this hour of trouble.

Young men, we need not apologize for our party or the principles of our party. The responsibility of producing and developing a leadership of principle and understanding that will restore public confidence in the Republican Party is placed squarely upon our shoulders. Lincoln in closing his Cooper Institute speech on Feb. 27, 1860, said: "Neither let us be slandered from our duty by false accusations against us, nor frightened from it by menaces of destruction to the government, nor of dangers to ourselves. Let us have faith that right makes might; and in that faith let us to the end dare to do our duty as we understand it."

Let us go forward in the spirit of this great American and do our part toward the reestablishment of our traditional form of government under a united Republican Party, and obtain for our people a social, political and economic security that will withstand the test of time.

WHO'S WHO

By GEORGE

A new comer to Arlington Heights, but, Bruce Godshaw has made his presence known to almost every body in the community. Sorry that we can't dish out a lot of intimacies about Bruce Godshaw, but we will as soon as we know him better.

He is a middle aged young man, full of pep and enthusiasm for anything pertaining to his show business or village affairs which mean a betterment of conditions.

For 20 years he was affiliated with Mr. Karzis, the owner of the Trianon and Aragon ballrooms—the two finest in the U. S. during this time, and became a publicity man for Wayne King and every one knows how famous he made him.

We know now, just how and why he made the Arlington Theatre what it is today. He knew what people wanted in the entertainment line and gave it to them. He improved the appearance of the theatre, put in new equipment, new cushions for the seats and the result drew the customers in. In fact, in such great numbers, that parking cars became a problem, and he opened up an adjacent lot for free parking.

The features shown are the very best and latest. Nothing cheap about this man Godshaw. And what the writer likes about him is the personal interest he takes in his customers. I know of an instance where a man, hand in hearing, was handed several tickets and led to a seat equipped for persons so afflicted. He was told to enjoy the program and subsequent programs at Mr. Godshaw's expense.

I know of a number of children unable to attend, who went in at Mr. Godshaw's invitation, free of charge. He has donated his theatre for any number of charity affairs at a loss to him.

Surely if he can do this for the townspeople, we can reciprocate by attending his theatre. He doesn't ask for something for nothing, in fact he gives something for nothing. He gives a highest class of entertainment at a minimum price.

I haven't been doing Walter Winchell as yet, so I can't tell you much about his hobbies, likes or dislikes. I know he has a very beautiful wife, but as to how many children they have remains a mystery. Member of the Lions club and each and every Lion is roaring for Godshaw.

Women's Club News

Wednesday, April 3, the club met at the usual hour in the usual meeting place. The program for the session was a Book Review by Mrs. Richard Bray.

Mrs. Bray in usual charming, direct way, said that after spending some time in a rather futile search for just the right book, among the number of modern best sellers and popular modern fiction she finally chose "Mary Peter" by Mary Ellen Chase. She made this choice because the book seemed of strong character, and heroic personality. The scene of the story is laid on the coast of Maine, fifty years ago. A story of stark tragedy and heroic sacrifice by the woman, Mary Peter (for whom the book was named) from childhood to the end. Her father, a sea captain, and the people of that rocky coast, were of "those who go down to the sea in ships."

Mary Peter, daughter of a mother of strong moral character and strength, to live up to her principles imparted these noble qualities to her even stronger daughter. It was these characteristics of mind and soul that Mary Peter came to be the stay and strength as burden bearer for her whole family, and all who came to depend upon her strength of self abrogation.

In her vivid delineation and clear analysis of the book, Mrs. Bray enabled her audience to feel as if they had read the book and actually knew the characters there so ably presented.

Other features of the program were numbers by the club chorus led by their director, Mrs. Mitzloff and accompanied by Mrs. McWhorter. In their usual charming and ringing manner in which we all feel a glow of pride.

There were three solos by Mrs. W. A. Miles, accompanied by Mr. Leonard Gay of Chicago. Mrs. Miles singing always pleasing, even surpassed her former efforts. Her accompanying has appeared on former occasions, always leaving impressions of his talent and ability. The music, the interesting Book Review, by Mrs. Bray, made this last of the club programs, tempts us to say, as was said in Scripture, to the Ruler of the feast at Cana" who kept the best to the last.

The nominating committee reported the names of Mrs. S. E. Pate and Mrs. Charles FitzPatrick as directors, to take place of Mrs. H. A. Helm and Mrs. H. E. Olsen, retiring.

The present board of officers are eligible for re-election, to be voted on at the next meeting. The annual meeting, April 17, will be held at the home of the president, Mrs. B. U. Jarvis.

All committee reports are to be brought before this last meeting of the club year.

Advertising in Herald Record Crowd and Prices At the Kramer Auction

Mrs. Kramer, new resident of Arlington Heights, whose auction was held last week upon a farm near Northbrook, thinks that in addition to Arlington Heights being a nice town in which to live, it is also the home office of the Pad-dock publications, which in her estimation did a great deal in making her recent auction a success.

The auction was advertised in the Herald and associate publications. The attendance was a surprise to Mrs. Kramer and the prices secured more than met her expectations. Buyers came as far as Roselle and Barrington. These people drove many miles to attend the auction and were attracted there by the advertisement.

Similar reports are being received every week in regard to the pulling power of the classified advertisements.

Curtain Sale Draws Many
Regular display advertisements in the Paddock publications have a pulling power of their own. According to F. W. Gieseke, Arlington Heights merchant, the curtain sale advertised in the Herald last week, drew buyers from a radius of over 25 miles. Of course the prices at which the goods were offered and the values represented had a lot to do with the success of that sale. The Gieseke store has used the Paddock publications regularly over twenty-five years. This store with its modern merchandising methods is widely known throughout northwest Cook county.

Prof. Sleetor Bull Discusses Beefsteak

Increasing complaints about the price of beefsteak going up while the quality is going down are just another result of the 1934 drought and neither the farmer, the packer, nor the butcher can be blamed, according to Prof. Sleetor Bull, associate chief in meats in the College of Agriculture, University of Illinois.

"Prices of beef have been forced up by the drought because short farmers to sacrifice livestock as quickly as possible with the result that today there are fewer cattle to go to market. At the same time the general quality of beef has been temporarily lowered as an aftermath of the drought because underfed cattle yield meat that is less fat and tender."

David Copperfield at The Catlow

In "David Copperfield," which plays the Catlow theatre Thursday, Friday and Saturday nights of this week, motion picture followers will be offered a production of a great classic keyed to the highest pitch of entertainment value. W. C. Fields, Lionel Barrymore, Maurice O'Sullivan, Edna May Oliver, Lewis Stone, Frank Lawton and little Freddie Bartholomew are the more important members of the distinguished cast.

Will Rogers' Latest Also is His Finest

Described in advance accounts from Hollywood as the finest to date of Will Rogers' notable series of American character portraits, the Fox Film production, "The County Chairman," will be seen here at the Des Plaines theatre starting this coming Sunday for a three-day run.

"The County Chairman" is a screen adaptation of the famous play of the same title, by one of America's foremost humorists, George Ade. Opening on Broadway in the year 1902, "The County Chairman" ran there for a year and then toured for the next three seasons. In addition to the celebrity which it brought to Arbuckle, the play created another star of the era—Willis P. Sweatnam, who appeared in the famous role of "Sassafras," colored man-of-all-work. In the screen play, Stepin Fetchit is seen in this notable part. "The County Chairman," it is said, is a story of smiles and heart-tugs, rivaling the hugely successful "Judge Priest" and "David Harum" as a vehicle for Rogers.

In the new film he is seen as a lively, lovable county boss, half-diplomat, half-rustic. He wins elections and arranges love matches with equal skill—and no one, not even his rivals, can resist him.

A notable supporting cast includes such players as Evelyn Venable, Kent Taylor, Louise Dresser, Bertone Churchill, Mickey Rooney, Frank Melton and Stepin Fetchit.

New Train to Replace 'Soo Dominion' Flyer

The new train to handle summer vacation travel to the Northwest will be continued. The new train will be the co-operation of the three roads, Northwestern, Soo Line, and Canadian Pacific, who co-operate on the "Zoo Dominion." It will leave Chicago at 10 a. m., and on the eastbound run will arrive in Chicago at 7:05 p. m.

VOLZ SPEAKS TO REPUBLICANS AT OAK PARK

Addresses Young Men's Group on Crisis Now Before Country

It is no secret that the old timers of the Republican party are ready to step aside to the younger men upon whom has fallen the mantle of responsibility to keep the principles of the Republican party alive. All over the state of Illinois new groups of young men are forming and a new Republican party will result," states Rex Volz, of Arlington Heights, who took the initiative in the last campaign in forming young men's Republican clubs.

"These clubs," continues Mr. Volz, "are growing in numbers and strength. It is admitted that the Republican party of the future will not be the same Republican party of the past, but will be a bigger and greater organization, facing new problems fearlessly."

The election of republican county commissioners in the suburban towns of Cook county last November," Mr. Volz explained, "is the handwriting upon the wall of what is going to happen in other parts of the state as the voters realize more and more the need of a sound government."

Mr. Volz was invited to speak Tuesday night before the Oak Park Young Republican club. His talk was straight from the shoulder, devoid of any fireworks, yet providing a lot of food for thought of the voter who wonders what is going to happen in this country tomorrow.

(Note the full text of Mr. Volz address will be found on page eight of this issue.)

SOFTBALL MEETING MONDAY

Softball managers and sponsors of Arlington Heights will meet at 7:30 o'clock Monday night. Another league such as was organized last year will be discussed. Members of the class are Gladys Bleile, Ethel Bohnhorst, Marjorie Adam, Ruth Berschert, Bernice Runge, Bernice Huecker, Dorothy Milbratz, Irene Jettman, Shirley Tatje, Francis Oefflein, Kenneth Koelling, Edward Mueller, Lillian Deering, Bernice Benic, Lorraine Benic, Louise Benic, Myrtle Pedersen, Ruth Duenn, Bernice Garmus, Iona Behlendorf, Evelyn Vogel, William Deering, Norman Runge, Wilbert Becker, Wilbert Gieseke, Raymond Guenther and Herman Becker.

A class of 42 young people, all pupils of the church's day school, will be received into membership in St. Peter's Lutheran church when they personally renew their baptismal pledge, confess faith, and pledge loyalty at the confirmation ceremony Sunday.

This is the first class instructed exclusively in English, and therefore the confirmation service will be conducted in that language. The class is evenly divided between boys and girls, there being 21 of each.

Members of the class are Lucille Handeck, Florence Honehammer, Harriet Fricke, Lorna Meyer, Lorraine Luettichwager, Arlene Nagel, Hilda Stoekel, Virginia Nette, Elvera Mueller, Elvera Kastning.

Dorothy Heuer, Ruth Busse, Eschther Schulenburg, Lorraine Grewe,

Wheeling Winner in Checker Match at Parkview Tavern

A team of checker players from Wheeling defeated Arlington Heights last week in a checker match at the Park View tavern, in Arlington Heights. The final figures were Wheeling 38, Arlington Heights 34, a difference of only one game. This match game resulted from a challenge received from Wheeling after the recent checker tournament held at the same place.

Wheeling was represented by Earl Johnson, Herbert Lesch, Ralph Holtrop, Wm. Lawrence, Edw. Becker and Frank Hutchinson, latter two from Libertyville.

Arlington was defended by Messrs. Thompson, Gieseke, Megel, Geo. Klueg, Wilbur Meyer and Frank Hertzog.

Following the match, the high men on each side were pitted against each other, Hutchinson, of Wheeling defeating Eddie Thompson, of Arlington Heights.

The Arlington Heights checker men are not in the professional class, but they are ready to receive challenges from neighboring towns. Inquiries should be directed care of the Park View Tavern.

VILLAGE ELECTIONS TUESDAY

**Candidates in Arlington
Seek Large Vote; Two Independents**

The village elections occur next Tuesday. In Arlington Heights, it has been a campaign absolutely free from personalities. There are two men running as independents, Elmer Karstens is a candidate for trustee and George Kloefer is a candidate for police magistrate.

While a record vote is not to be expected, efforts are being made by present members and the new candidates to interest the public in going to the polls.

The members of the present board, who, with the addition of two men upon their ticket are candidates upon the record that they have made the past term. Mayor Flentie and his associates have accomplished a great deal. They have given the village a business-like administration that has placed the finances of the municipality upon a solid foundation. The public seems to recognize the service that these men have given. An election Tuesday gives the voters of this village an opportunity to say "thank you."

The candidates upon the village ticket are: For mayor, J. D. Flentie; for trustees, Walter Krause, Gus Framberg, Geo. Schaefer, George Klehm, Geo. Schneberger, and Frank Burns; for village clerk, A. L. McElhose; for police magistrate, P. K. Ladas.

The candidates for members of the library board (unopposed) are Alfred T. Capp, Jr. and Henry R. Franke.

Easter Cantata Is Under Preparation

Arlington Heights will have its usual Easter cantata this year.

It will be presented at the M. E. church Sunday evening, April 21 and is directed by Theodore Miltzer. Singers from neighboring churches and communities are lending their aid to the presentation. Arlington Heights has always appreciated good music, and an invitation is extended to the general public to attend.

ELECT THIS NON-PARTISAN GROUP

Reasons why Citizens and Tax Payers Should Support Present Administration

Having represented you as President of the Board of Trustees of this village for six years, I feel that I know existing conditions and am qualified to say the following:

The Board of Trustees have worked hard and conscientiously the past few years and have made many changes which I think are beneficial to our community.

There is no doubt that the new water supply is the most outstanding, but we should not forget the many other improvements.

Extension of Water Mains.

Planting of Trees.

Leak repairs, sidewalks.

Installation of Treasurer's office and installation of modern council chambers.

New quarters for fire department.

Lowering of insurance rates.

Use of relief labor in installation of permanent improvements, such as street widening, sidewalk repairs, landscaping of village property, and a multitude of other projects, thereby providing relief employment for a great many of the unemployed in Arlington Heights.

All these and many others have been accomplished without assessments or any additional taxes. In fact your taxes have been lowered considerably.

I feel that there is no better way for the public to show its appreciation for what their board has done than by a vote of confidence for the entire Village Ticket at the election next Tuesday.

The members of the board of trustees have sacrificed many hours and days for the benefit of the community—not for personal gain but in order to make Arlington Heights a better town in which to reside.

Let us keep national, state and county politics out of Village affairs by voting for the Non-Partisan VILLAGE TICKET.

J. D. FLENTIE.

Surprise Welcomes Family Home From Florida

Saturday evening, April 6, the true spirit of "The City of Good Neighbors" found its highest expression in the delightful welcome home surprise planned by Mrs. W. M. Weber and Mrs. August Tossaint, as a greeting to Mr. and Mrs. McDonald, on their return from Florida, held in the home of the

Webers on North Pine. The McDonalds were invited to spend the evening with the Webers, presumably to help celebrate Mr. Weber's birthday, which is still "in the offing." Mr. Weber lead the McDonalds down to a room where they would have a game, when he opened the door to go in, there the company were assembled and they were joyfully greeted with Surprise! Surprise!

Were they happy? Coming from the warm air of the southland, this warm, genial welcome

greeting from neighbors and friends, warmed their hearts as no southland sephyr could. It was a cheerful happy party, refreshments games and a few rounds of dancing, when "tripping the light fantastic toe" was an added feature of joyous expression.

The company were disappointed that Mrs. Tossaint was hindered from entering into the delights of the welcome home party she so enthusiastically helped to arrange, because of the illness of her daughter, her absence was regretted by the otherwise perfect party.

Flynn-Gable Chick Hatchery is Open This Season
Flynn-Gable, 611 East Euclid street, Arlington Heights, who last year leased their hatchery, are operating it themselves this season. They specialize in custom hatching and poultry supplies. This firm is being operated under the firm name of Arlington Heights Chick Hatchery. Its proprietors have many old customers and friends throughout this part of Cook county.

Village is Making Beauty Spots of Water Tower Sites

The erection of a new water tower upon village property adjoining the Northwest highway has in reality transferred one of the unsightly lots in the front yard of Arlington Heights into a place of beauty. It will be beautiful as soon as nature does her part.

Tower Park is the name that has been given to Arlington's newest park. Relief workers have been spending ten days leveling off, grading, landscaping and seeding this property, all without a cent of cost to the village. A spirea hedge, evergreens and ten Moline elms, beside other shrubs are now in place, all of which were donated by Kiehm's Nurseries, Wm. Lohring, village engineer made the original plans for the work and has outlined further improvements which included the erection of an entrance trellis.

Many Improvements at Arlington Service Station

The Arlington Service station, operated by Oren Neville, will soon have greatly improved facilities in the handling of cars and be able to meet all competition in automobile servicing. A double service building is being erected and will be especially equipped for washing and greasing. The opening will be about May 1st.

Boys' Cooking Class For Arlington High Is Asked by Student

Cooking classes for boys, and a choice between sewing or mechanical drawing for girls are changes advocated in the curriculum of the Arlington Heights high school by Donald Johnson, a junior, one of five students with whom interviews are reported in the recent issue of the "Cardinal" publication of the school.

Asked the questions "What do you think of the present curriculum?" and "What changes would you make?" two seniors, two juniors, and a freshman gave their opinions. The freshman, Lorraine Woodyatt, said "Ask me the question when I'm a senior."

Douglas Milligan, senior, suggested longer laboratory and manual training periods, and said that the short lunch period was too hurried for students who went home for lunch. Earl Gieseke, senior, was "perfectly satisfied." More sports for girls, and a larger variety of subjects were advocated by Lorraine Jonas, junior.

Arlington Theater Now Offers New Free Chinaware

Manager Godshaw, of the Arlington Heights theatre, announces the exclusive purchase of 69,000 pieces of new items of Harker's Chinaware to be added to the present collection. A \$1.50 18-inch meat platter, a \$1.25 16-inch cake platter, a sugar and creamer, soup dishes, egg plates, salad fork, sugar scoops, and a \$1.50 mixing bowl will soon be on display and the give away will start right in with the display. Many contracts for the 1935 and 36 picture out-put have been signed assuring the Arlington, the choice of the best and endorsed features. Many local societies, lodges and organizations have reaped splendid monetary returns from the sponsoring of evenings at the Arlington. The liberal sharing terms are inducing many others to tackle the idea.

A DesPlaines lodge and a Palatine organization are the latest to apply for evenings. The Red Wings' baseball team sponsors are now disposing of tickets for "The Mighty Barnum," showing Sunday, and a large crowd is expected for this grand picture, with "Wally Beery" headlining.

The Arlington with popular Bruce Godshaw as the motivating genius is certainly on the map—conspicuously and financially. Mr. Godshaw expects to break all records with the "Lives of A Bengal Lancer," the outstanding hit for next week.

More People Move to Arlington Heights

There will soon not be many vacant places in Arlington Heights if new residents continue to arrive in the City of Good Neighbors. Eight more families have arrived past ten days. Who they are and where they live are as follows:

E. B. Stein, 634 So. Mitchell.
D. M. Miller, 805 So. Mitchell.
C. W. Haneson, 634 So. Dunton.
Harry Smart, 629 So. Dunton.
Frank M. Hessler, 108 N. Dwyer.
Walter F. Storm, 627 So. Highland.

The advantages of Arlington Heights as a resident town, with the good train service, attracted Mrs. Ernst Kramer and her family to make their home here. They were formerly upon a farm.

Occasionally some Arlington residents leaves town. There are only two to report, however. Jas. P. Madden is moving this week from 621 So. Belmont to Evanston. N. R. Ring is moving to Gladstone Park.

Jos. Blank has moved from Euclid to 202 So. Mitchell. Harley Easton has moved from So. Mitchell to the Hagenbring apartments.

What is the news? Read as we go. To spread the safest news we know.

Election breezes are astir. Each boosting the one they prefer: Palm Sunday tells us Easter comes. Bringing great joy to all our homes.

Much called news we dare not tell. If you don't hear 'tis just as well. Plenty of news don't you forget. The best news hasn't happened yet. Read your home paper up and down.

So doing you build for our town.

Please Note—"I wish to take this means to express to my many friends who so kindly sent words of love and cheer to me while I was in the hospital—Mrs. W. W. Guild."

Mr. and Mrs. Wm. C. Muller are the grandparents of a pair of twin girls born to their daughter, Mrs. Engel, in Chicago, Saturday, April 6.

Mrs. H. C. Cleveland visited her friends, Prof. Ballard's family Thursday last week. She was the honor guest at a tea party while there.

Miss Elizabeth Heller was hostess for the Corophelia society in her home first of the week. This circle of Christian workers are now busy on a quilt to be given to the Orphanage.

Mrs. J. Y. Beatty and her daughter, Roberta, are leaving Chicago first of next week for New York, where they will take a steamer for Europe. Miss Roberta is with a band of one hundred musicians, "Miremba." Their expenses of the trip are paid by a woman of wealth whose name we did not learn. Mrs. Beatty accompanies her daughter as chaperon. Certainly a grand experience for all in the company.

During their absence, Mr. J. Y. Beatty will stay with his mother, Mrs. D. G. Beatty. A happier experience for her than even a trip to Europe.

Wednesday afternoon this week the friends of Mrs. Ella Boeger, or not all, but a company of her friends, came to her home to give her a little surprise. Of course they brought the "makings" of a real party with them. You may be sure their hostess furnished the full share of cheer with her happy smile of welcome. This may be continued when we hear the report afterwards, anyway it was a happy affair.

Mrs. H. G. Lorenzen was unable to be in her place in the school room last week. She is reported to be hopefully better, and may soon be recovered far enough to resume her school work.

The dentists of Arlington Heights attended a meeting of the

Northwest Suburban Dental Society at Des Plaines, Tuesday night. The meeting was held in the Congregational church. The ladies of the church served supper to the company. The subject under discussion, "The Credit System."

Mr. and Mrs. Joseph Bolera (nee Lois Kossack), are guests in the home of her parents, Dr. and Mrs. H. A. Kossack, after spending the winter in Florida. Glad were all to see Lois back home, and not a doubt, but she was glad to be among old Arlington Heights friends again.

Mrs. Ashton of Carlyle Place visited her father and friends at her old home in Ohio last week.

Mr. and Mrs. Chester Clausen and Mr. and Mrs. Anthony Callahan, drove to De Kalb March 31, to attend a meeting of a newly organized post of V. F. W. After the installation ceremonies, refreshments of the best were hospitably served and heartily enjoyed. This meeting was especially enjoyable to Mr. Callahan since De Kalb is his own old home town.

April 7, Mr. and Mrs. Charles Emmet of 734 North Belmont avenue, entertained their contract bridge club of sixteen members, to an enjoyable supper, followed by games to prove how well they had learned what contract bridge means. Among the guests were Mr. and Mrs. William McAllister, Mrs. McAllister is the club instructor in contract bridge.

At the regular meeting of the Friendly class, Tuesday afternoon, the principal feature of the program was an address on Dental Hygiene, by Dr. E. W. Bauman. A subject of vital interest to all, especially the mothers of little children. The usual social hour followed with refreshments and discussion.

The April group of the Dorcas Aid of St. Peter's Lutheran church will give a desert luncheon Monday, April 22, at 1 o'clock afternoon. Social games are to be enjoyed. Tickets 25 cents.

The many friends of Mrs. W. W. Guild are glad to learn that after her trip home and all the change fully holding her own, even trying to take a few steps in her room.

After their regular meeting last Wednesday night, the auxiliary of the V. F. W. adjourned to the home of Mrs. Rose Foley, when they staged a party, a regular happy evening affair in honor of the birthday of Mrs. Ida Weide, their V. F. W. president. Banquet and refreshments, and a dandy fine time was enjoyed by the company. The hostess, Mrs. Foley, and the guest of honor, the president, Mrs. Ida Weide. At the next meeting they expect to be able to announce the date of Poppy Day.

Mrs. Teel and her son from Los Angeles, were week-end guests of her aunt, Mrs. Margaret Harris and family. Mrs. Teel is the daughter of Mrs. Harris, brother of Mr. David Peter.

The Woman's Aid of the Presbyterian church held a large, earnest workers session in the church Thursday last week. After a 1 o'clock luncheon, the business of the month was taken up. This was the first meeting of the new president, Mrs. C. P. Draper, who was deeply anxious that the aid this year, may be as successful in its work as it has been under Mrs. Blume's leading. Many important questions were thrashed out and all prepared to go forward into the work of another year. First on the program is an April-May party, to be given April 30, however, a meeting for more definite plans will be held this week.

Mrs. G. H. Peter and other relatives of the Imhoff Sisters, went to Chicago Saturday to attend the marriage of Miss Marjorie Sigwalt, daughter of Wallace Sigwalt, and granddaughter of Mrs. Charles Sigwalt, who was also a sister of the Imhoff family.

Mr. H. H. Boeger reports the following families have recently changed places of residence: Mr. and Mrs. Emil Vansteen from Chicago, have moved to 626 West Campbell street; Mr. and Mrs.

James Fraser have moved from Chicago to 183 Carlyle Place Stonegate.

Mr. and Mrs. George Peterson made a business trip to South Bend, Ind., last week.

When Mr. and Mrs. P. McDonald came home from their trip to Florida, they were just in time to be greeted by a real Illinois snow storm.

Mr. Etteberg, with his daughter and son, came from Chicago, to be Sunday guests of Mrs. C. C. Schwartz, in her home on State road.

The Cessa club will meet with Mrs. Evelyn Koepfel Thursday next week. They were very happy in their meeting Thursday, to have with them, Mrs. Elizabeth Gray. The Cessa's are a club of bright young women always ready to advance in helpful ways.

Palm Sunday, April 14, followed by Holy Week, our hearts are glad when we think of all those new communicants who are to be confirmed. May they not place too much thought on their garb, but be like King's Daughters, "all beautiful within."

Mr. and Mrs. A. Preibe of Wilmette were guests of her sisters, the Misses Carrie and Minnie Meyer, in their home on East Miner street, one day last week.

The friends of Mr. and Mrs. John Clark were sad to learn of the death of their daughter, Miss Isabel who died Tuesday morning in an Elgin hospital.

A dark shadow fell over the home of Mr. and Mrs. John Greschner when the word came to them of the death of Mrs. Elsie Greschner Polke, who died in a hospital at Des Plaines Monday this week.

Measles is no respecter of persons, old and young alike, are victims. The children of Mr. and Mrs. Rex Voiz, have had their turn at it. Mrs. Philip Enkeling is recovering from a siege of the pesky troublesome ailment. Miss Eleanor Redeker is also a victim. Mrs. Schroeder in the Hendrix apartment, is also having a case of measles and children all over town have had the disease or are now recovering from it. A measly time we are having.

The Lutheran Laymen's League of St. Peter's church held their regular business meeting Friday evening, April 5th. Rev. Meyer and members of the Men's club of Woodstock were present seeking information as to starting a Laymen's League in their congregation. Movies were shown giving a glimpse of the frozen assets of the U. S. in harnessing the melting snows of the Rockies. The rest of the evening was given over to checkers and card games.

Mr. and Mrs. Wm. H. Hagenow, of Arlington Heights are invited to attend the Arlington Theatre any night, next week, as the guests of H. C. Paddock & Sons. Call at our office for passes.

Malzahn & Goedke do sewerage, plumbing, heating, and sheet metal work; phone 478-479.—Adv.

**Arlington Auxiliary
Meets Thursday Night,
Plans for Two Trips**
Meeting Thursday night instead
of Tuesday, 16 members of the
Arlington Heights American Legion
Auxiliary heard Miss Martha
Jackson, community health nurse,
speak of child welfare. The change
of date was because of the Auxil-
iary's fashion show, which Mrs. C.
L. Griffith reported to have been a
financial success.
Plans were made for a tour May
6, through a fur factory and stores.
At least 50 women are to go, and
they will travel together in a spec-
ial bus. Mrs. Thomas A. Pope an-
nounced a trip to Elgin for April
24. Date cake and whipped cream
will be given, also cigarettes and
candy for the ex-service men. Mrs.
Pope also made a plea for silk

**Adele Nuttini
Concert Was a
Musical Treat**
One of the season's largest and
most enthusiastic audiences was on
hand to hear Adele Nuttini, the
Arlington Heights soprano, in her
first "home town" concert, last
Sunday, in the high school audi-
torium. It was an appreciative
audience and a splendid program. One
mark of appreciation that was out-
standing was the way in which
Mrs. Brynaldson held her audience
throughout the entire program.
To those who had heard her in
recital before, she seemed to be in
better voice, if possible, than at
any time in her career. And to
those "home towners," hearing her
for the first time, it was a revela-
tion in good music.
While many in the audience were
from out of town, Chicago and Mil-
waukee, and other places in which
Adele Nuttini has appeared—still
Arlington Heights maintained its
reputation as a music center by be-
ing well represented.
In response to the inquiries of
those who were unable to attend
this affair, the Herald is advised
that it will not be repeated this
season in Arlington Heights, but
that there is a movement on foot
to have Adele Nuttini's "home
town" concert an annual occur-
rence.
A surprise novelty number which
did not appear upon the program
was the appearance of four year
old Dawn Alma, a niece of Mrs.
Brynaldson, who sang several pop-
ular songs in a sweet childish man-
ner.

CHRISTIAN SCIENCE CHURCHES
"Unreality" was the subject of the
Lesson-Sermon in all Churches of
Christ, Scientist, on Sunday, April 7.
The Golden Text was, "Judge not
according to the appearance, but
Judge righteous judgment" (John
7:24).
Among the citations which com-
prised the Lesson-Sermon was the
following from the Bible: "They that
trust in the Lord shall be as mount
Zion, which cannot be removed, but
abideth for ever. As the mountains
are round about Jerusalem, so the
Lord is round about his people from
henceforth even for ever" (Psalms
125:1, 2).
The Lesson-Sermon also in-
cluded the following passages from
the Christian Science text-book:
"Science and Health with Key to the
Scriptures" by Mary Baker Eddy.
"When we come to have more faith
in the truth of being than we have in
error, more faith in Spirit than in
matter, more faith in living than in
dying, more faith in God than in
man, then no material suppositions
can prevent us from healing the sick
and destroying error" (p. 368).

Arlington Legionnaires Choose New Officers for Drum and Bugle Corps

New officers for the drum and bugle corps of the Merle Guild post of the American Legion in Arlington Heights were chosen at a meeting last week. Phil Engelking was elected commander, Tom Pope vice commander, Joe Klock adjutant, and Vic Pecchia business manager. Bill Simon was appointed musical director.

Plans for the year were discussed, and Warren Parker, unemployment chairman, reported only four questionnaires returned. He stated that without co-operation in the filling and returning of these questionnaires, plans for aiding unemployed would fall through. At a recent meeting Bill Keith, American Legion inspector of PWA projects, had told of the efforts of the Legion to give its men and ex-service men preference on PWA works.

Orville Kurtz was back from the Hines hospital and able to attend the meeting. Friday, some members of the Junior Legionnaire Squadron attended an installation of officers at Crystal Lake, where George Helm, Americanization chairman for Cook county, spoke. The squadron will meet tonight, inaugurating meetings on the first and third Friday nights of each month instead of the corresponding Wednesdays.

Two Arlington Heights Seniors Average 6.47 In Scholastic Standing

Miriam Bubert and Ruth Hartmann lead the senior class of the Arlington Heights high school in scholastic standing. Based on a ranking of 7 for A, 6 for B, 5 for C, 4 for D, 3 for E, 2 for F, and 1 for G, these students both have a scholastic average of 6.47 for the three and one-half years they have been in school.

The senior class has 63 members. Others of the first 10 in scholarship with their averages are, Miriam Noyes 6.84, Jane Thompson 5.76, Roger Hertel 5.75, Ruby Bunn 5.48, Marie Zimmer 5.34, Florence Patrick 5.30, Ralph Spears 5.25, and Joyce Colba 5.17.

Due to the fact that colleges and universities require that applicants for admission be in the upper fractions of their class, it is necessary that these ranks be ascertained. These 10 names represent the upper one-sixth of the class," said A. M. Conger, principal of the school in releasing the list. "The present trend of college requirements is upward, and the student often finds that certain schools which he would like to enter are closed to him because he has not carried his high school work well enough," he added.

South Side Breezes

Mrs. Fessler, newly elected P. T. A. president, and Miss Irene Russell are attending the state convention at Peoria this week. It's spring vacation for several schools now. Miss Ethel White-nack of Marshalltown, Ia., spent vacation last week with her sister, Miss Thelma Conger, also visited her.

Paul Fellingham, a student at Michigan University, is spending his vacation with his sister, Mrs. John Monroe.

Mr. and Mrs. J. B. Harkin, who have been with their daughter, Mrs. W. G. Franke, since Christmas, have gone to Toronto, Canada.

Mrs. Robert Blackburn entertained her bridge club last Friday afternoon. Have you read the new book, "O Chautauqua?" Neither have we, but we are going to see "The Chautauqua" April 26. Unlike the old time Chautauqua, it is not going to be held in a tent, but in the Methodist Auditorium. There will be a play, a minstrel show, music and other features. Hope to see you there, too.

Farm Bureau-I. A. A. Membership Growing

Membership in the county farm bureaus and the Illinois Agricultural association is climbing steadily, according to George Metzger, field secretary for the I. A. A., who recently completed a trip through more than a dozen counties. From January 1, 1935 to March 9, a total of 2,581 new members were signed. Based on these figures members are joining at the rate of about 300 a week.

Each county has been given a membership quota providing for an increase of 10 to 50 members per month based on the size of the county. If all counties make their quotas, according to Mr. Metzger, paid-up membership in the association at the close of the year would exceed 80,000.

1,683,000 Acres is 1935 State Soybean Estimate

The ability of soybeans to resist chinch bugs has increased the interest of Illinois farmers to the point where this year they will plant an estimated 1,683,000 acres of this valuable crop of many uses.

reports the Illinois Agricultural association. This is an increase of nearly 500,000 acres over 1934's record - breaking acreage and places Illinois well in front of other soybean growing states. An idea of the increased soybean acreage can be gained from the government figures of 1914 which credited Illinois with but 2,000 acres. Since that time, industry, science and agriculture have joined together to find new uses for soy-oil extracted from the beans.

Chinch Bug Damage Depends on Weather

There are more chinch bugs alive in Illinois than at this time last year, but the amount of damage they will cause will depend upon the weather conditions in late May and June, says Prof. Wesley P. Flint, chief entomologist of the Illinois Natural History Survey in the April issue of the Illinois Agricultural Association Record.

If the weather during that period is wet, the bugs will do little damage. That is the time when they are just starting to mate and lay their eggs.

Suggestions for Home Ground

Perennials, Continued.
We will now mention briefly a number of other desirable perennials which should appear in almost every yard.

Gailardia. This is considered by many as one of the most desirable hardy plants in cultivation. They bloom continually from June to November; they withstand hot dry weather; they make fine cut flowers.

Coreopsis. These also bloom throughout the season; make fine cut flowers; one of the best of the yellow perennials.

Helenium. Often called brown-eyed-Susan. This name is rather confusing, however, as there are several other flowers blooming early that are called by the same name. This one is the late-blooming variety, growing about 2 feet high. They look best in single clumps. The one known as River-ton Gem seems to be preferred.

Dianthus (Pinks). A very large family. A garden wouldn't seem to be complete without some of these old-fashioned flowers. They are fine for rock gardens, borders, or hardy overblowing variety of this flower that is very fine. They bloom continually from July to November.

Carnations. There has been developed a hardy overblowing variety of this flower that is very fine. They bloom continually from July to November.

Columbine. Another flower that certainly everybody should have. The long-stemmed hybrids are the prettiest, and are obtainable in many colors. Very hardy and have beautiful foliage all summer long.

Shastar Daisy. The large white daisy, similar to the field daisy only much larger. Bloom a long time and make fine cut flowers.

Dicentra (Bleeding Heart). Another old favorite found in every old-fashioned garden. One of the first to bloom in the spring. We have seen these growing nearly 5 feet high with a spread of that much or more. Very fine plant and should be in every yard.

Hemerocallis (Lion's Lily). This does not belong to the lily family however. The flowers vary from the very light lemon yellow to orange. May be grown in full sun or semi-shade.

Yucca. Very desirable for isolated specimen plants. The flower stalk rises to a height of 5 or 6 feet and is a very bold and handsome plant.

Baptisia Australis. (False Indigo). Not very well known around here. The first I ever saw was a plant about 4 feet high, about that much spread, was a mass of bloom the flowers which were almost exactly like a sweet-pea, grew in spikes of from 20 to 40 flowers on each spike and the most beautiful blue imaginable. This makes a shrub-like plant and blooms from the last of May till along in July. There is also a white and a yellow variety.

Funkia (Day Lily). This has handsome broad leaves, some bright green and some variegated and very fragrant lily-like flowers. It does not belong to the lily family. Fine for planting in semi-shade.

Tritoma (Red-Hot Poker). A semi-tropical plant that will survive our winters if well protected. A very old and beautiful bloom. Dahlias and Gladioli are not to be classed as hardy plants, so they will be covered in subsequent articles. Chrysanthemums will also be covered by another article, as they are our most important late blooming perennial.

Case Discusses Figures on Milk Marketing Payments

Milk producers are being misled by propaganda which tends to show that only 50 per cent of a producer's base is being marketed by the Pure Milk association, says John P. Case, president, of the marketing group, in a statement issued Wednesday.

During the past six months, while the administrator conducted the blend of prices for 90 per cent of base, at no time was more than 72 per cent of the established base on record in the administrator's office reported and accounted for by distributors as milk and cream, states Mr. Case.

When payments to producers were made for 90 per cent of the established base, the price paid was determined by the blend of this milk and cream and the difference between 72 per cent and 90 per cent, or even as low as 66 per cent and 90 per cent, represented surplus milk at surplus price, so that when producers were paid on 90 per cent of base the blended price really was made up of approximately 20 per cent of surplus milk at a surplus price.

During February, under the administrator's office, 50 per cent of the established base was paid for at the Class 1 price. Sixteen per cent was paid for at the Class 2 price, if delivered, making a total of 66 per cent.

Under the association direct contract sales agreement with distributors, 54 per cent of the established base will be paid for Class 1 and 18 per cent at Class 2, making a total of 72 per cent of all established base which will be sold in these two classifications.

Indications are that large quantities of surplus will be sold in classifications higher than surplus, or Class 3 payments to producers, in which case the total returns for Class 2 will be increased.

The statement continues to say that under the three-price plan now used to pay producers, each producer can know exactly what he should get and is therefore better able to judge returns, and if an uncertain blended price were paid on 90 per cent of his established. Furthermore, that if production is reduced he can receive the high reduced price or a higher price per hundred pounds for what he ships, which was not possible under the 90 per cent of base payment.

IF IT'S GOOD WE'LL HAVE IT

F. O. E. FLASHES

"I am glad that in this critical period of our national history there is an organization like the Fraternal Order of Eagles. I am glad that I belong to it. I believe, with all the conviction of mature judgment, that it offers the average American the most powerful non-political means that now exists of bringing about reforms in our governmental, economic and social life. I believe that an Eagle is doing his friends a kindness when he invites them to join the Fraternity."

Those words were written by Past Grand Worthy President Henry J. Berrodon, and how well they express the sentiments of thousands of Eagles, even though they cannot convey their thoughts as adequately as he.

Being an Eagle is not merely a means of spending several evenings a month fulfilling fraternal obligations. The Eagles stand foremost in advocating better living conditions for all the American people. They do not function idly, they really carry their plans to fulfillment and do not cease their activities with just talking about them.

Why not ask your Eagle friends to tell you more about the order? You would be giving your family one of the best services within your means. Wouldn't it be a relief to you to know that if you, or one of your family were taken ill, all you had to do was call the Aerie physician to be treated? No matter how many calls he had to make before you were pronounced well enough to continue your work, there would be absolutely no cost to you? Think it over my friend. Eagles dance April 27.

Emergency Farm Loans Now Available—Myers

Emergency crop and feed loans from the \$60,000,000 fund appropriated by Congress are available to farmers. As in the past, applications for emergency crop loans will be made to the county crop loan committees. The personnel and location of these committees may be obtained from the various county agricultural agents.

Emergency crop loans will be made only to farmers who are unable to obtain credit elsewhere for necessary supplies and feed. The size of the loans range from \$10 to \$500. However, no loan for the growing or harvesting of crops may be made in an amount greater than is actually needed in each case. The fund appropriated specifically for emergency purposes must be used to assist the maximum number of such needs.

Much of Seed Corn Found to be Infected

Farmers who hope to cash in on any 1935 increase in the price of corn are getting ready now to protect their crop against threatened heavy damage by corn diseases, says Benjamin Koehler, associate chief in crop pathology at the College of Agriculture, University of Illinois. Seed corn not only is scarce this spring but also more seriously infected with destructive diseases, he reported.

"Seed infection known as diploid and fusarium were both unusually prevalent in the state last season. While these fungi cause rots and kernel discoloration, there are many infected seed ears which show no signs of infection until a germination test is made.

Co-Operation to Build Farm-to-Market Roads For Downstate Counties

Between 30 and 35 downstate Illinois counties are considering the pooling of all township road equipment, personnel and materials, and adopting a county-wide farm-to-market road improvement program, according to information received by the Illinois Agricultural Association from the Illinois Emergency Relief Commission.

The county-wide road improvement project was initiated by farm bureau leaders in Jo Daviess county following their return from the recent annual meeting of the I. A. A. in Quincy. In Jo Daviess county the board of supervisors recently approved a plan to hard surface some 214 miles of dirt roads at a cost of \$350,000. The state emergency relief commission has agreed to provide \$110,000 of this in the form of labor by workmen taken from the relief rolls. It is estimated that an average of 380 men will be given work daily for more than a year.

The Jo Daviess plan, it is said, will place 75 per cent of the farmers in that county on a hard road and every farmer in the county within a mile of one. As its share of the project, the county will pool all county and township road equipment, and provide \$86,590 worth of materials, mostly crushed rock, from publicly-owned quarries. The road project will be supervised by the county highway superintendent. All 23 township road commissioners will work with him as a unit.

Strong Contest in Village Election In Village of Niles

A sure sign of Spring in Niles is the arrival of the annual political campaign which rages with tropical heat and emotional intensity of a mother tiger protecting her young until presto—an election is held and a new Village Board arises victoriously from the smoking ruins to carry on for another year.

This year inaugurates the new policy of electing an entire board at one time for a two year period, eliminating the off year village election except for the filling of vacancies.

Two complete tickets are in the field this year—The Harmony Party, the present ins, a fusion of the Niles Civic club and the Peoples Party who present for election for village president, the present incumbent of that office, Michael Dider, for village clerk, the present clerk, Joseph Kozak; and for village trustees, William Koelbin, Henry Ahrens, Oscar Franson and George D. Hedlin, new candidates for trustees.

This party is running for re-election on its past record of work accomplished in the last two years, including the erection of a fire hall, the new water tap on Harlem avenue, installation of needed lights where necessary, creation of a village code, including a decrease to consumers in water rates and a police force that has been efficient and not a blot on the village records.

The Good Will Party, consisting of all the Outs, is sponsored by the present Outs, consisting of Mike Oskowski, one time political boss in Niles; William Kulczyk, former trustee; Edward O. Clark, former village president; and Vincent Reichel, present village trustee.

The candidates for re-election, presented by the Good Will Party are as follows: For village president, Edward O. Clark, for village clerk, Frank J. Stankowicz; for trustees, Vincent Reichel, Carl G. Bromberger, William Kulczyk, John Kluesing, William D'Arcy, and Stanley Tomaszewski.

The platform advanced by the Good Will Party consists of the principal points: increase of the police department, build new side walks, paid fire department and revamping public works department.

Second 1933 Tax Bill Now Being Collected By Township Officers

The second installment of the 1933 taxes are now due and being collected by the local township collectors who will be active at this duty for the rest of the month. May 1 is the penalty deadline.

Local officials are urging the payment of the taxes to these collectors, as thus the money goes directly to the village, schools, and other taxing bodies. If taxes are paid in Chicago, the money is held there for a considerable length of time, while local officials must issue interest bearing warrants to cover their expenses.

William Ames, Wheeling township collector, will again have his office in the People's State bank building in Arlington Heights, but plans as to office hours and days of the week have not been announced. Paul Holste, Elk Grove township collector, will make collections at the Mt. Prospect State bank, but has likewise not yet announced hours.

Miss Grace Butler, Palatine township collector will be collecting taxes daily until April 29 in the office of E. P. Steinbrink in the First National Bank building.

VOLZ SPEAKS TO REPUBLICANS AT OAK PARK

Addresses Young Men's Group on Crisis Now Before Country

It is no secret that the old timers of the Republican party are ready to step aside to the younger men upon whom has fallen the mantle of responsibility to keep the principles of the Republican party alive. All over the state of Illinois new groups of young men are forming and a new Republican party will result," states Rex Volz, of Arlington Heights, who took the initiative in the last campaign in forming young men's Republican clubs.

"These clubs," continues Mr. Volz, "are growing in numbers and strength. It is admitted that the Republican party of the future will not be the same Republican party of the past, but will be a bigger and greater organization, facing new problems fearlessly."

"The election of republican county commissioners in the suburban towns of Cook county last November," Mr. Volz explained, "is the handwriting upon the wall of what is going to happen in other parts of the state as the voters realize more and more the need of a sound government."

Mr. Volz was invited to speak Tuesday night before the Oak Park Young Republican club. His talk was straight from the shoulder, devoid of any fireworks, yet providing a lot of food for thought of the young men who were present, and who happen in this country tomorrow.

(Note the full text of Mr. Volz address will be found on page eight of this issue.)

Surprise Welcomes Family Home From Florida

Saturday evening, April 6, the true spirit of "The City of Good Neighbors" found its highest expression in the delightful welcome home surprise planned by Mrs. W. M. Weber and Mrs. August Tossaint as a greeting to Mr. and Mrs. McDonald on their return from Florida, held in the home of the Webbers on North Pine. The McDonalds were invited to spend the evening with the Webbers, presumably to help celebrate Mr. Weber's birthday, which is still "in the offing." Mr. Weber lead the McDonalds down to a room where they would have a game, when he opened the door to go in, there the company were assembled and they were joyfully greeted with Surprise!

Were they happy? Coming from the warm air of the southland, this warm, genial welcome greeting from neighbors and friends, warmed their hearts as no southland seephy could. It was a cheerful happy party, refreshments galore and a few rounds of dancing, when "tripping the light fantastic toe" was an added feature of joyous expression.

The company were disappointed that Mrs. Tossaint was hindered from entering into the delights of the welcome home party she so enthusiastically helped to arrange, because of the illness of her daughter, her absence was regretted by the otherwise perfect party.

Boys' Cooking Class For Arlington High Is Asked by Student

Cooking classes for boys, and a choice between sewing or mechanical drawing for girls are changes advocated in the curriculum of the Arlington Heights high school by Donald Johnson, a junior, one of five students with whom interviews are reported in the recent issue of the "Cardinal" publication of the school.

Asked the questions "What do you think of the present curriculum?" and "What changes would you make?" the two seniors, two juniors, and a freshman gave their opinions. The freshman, Lorraine Woodyatt, said "Ask me the question when I'm a senior."

Douglas Milligan, senior, suggested longer laboratory and manual training periods, and said that the short lunch period was too hurried for students who went home for lunch. Earl Gieseke, senior, was "perfectly satisfied." More sports for girls, and a larger variety of subjects were advocated by Lorraine Jonas, junior.

GIESEKE'S FEATURE SPRING DRESSES

Great Taxing Inequalities In Local School Districts

By Illinois State Teachers' Ass'n. School News Service

School districts in Cook county, as in all other Illinois counties, suffer remarkable inequalities in ability to support schools. One school may have a surfeit of income, the next starve. That district school and revenue laws are to blame. They breed unfairness to schools, to teachers and to pupils.

When one district rolls in wealth and a neighbor is mired in poverty, something is wrong. More than 90 per cent of a school's support today must come from local property taxes.

Under the present law a school board may levy, without referendum, a tax rate of \$1 to the \$100 of assessed valuation on all property in the district for educational purposes. Let's see what that means.

Spring Valley school district, Saline county, has 43 children. Assessed valuation, all property in the district is \$12,130. That district taxing itself to the limit, can raise only \$2.82 per child per year. Dickies school district, Kane county, has one child; assessed valuation, all property, \$177,419. That district, taxing itself to the limit, can raise \$177.419 to educate its child.

Districts 58 and 120 District 58 in Cook county has 5 children and the assessed valuation of all property is \$303,168. That district, taxing itself to the limit, can raise \$606.33 per child per year.

District 120 in Cook county has 24 children and the assessed valuation of all property is \$173,461. That district under the same law can raise only \$72.27 per child per year.

Similar comparisons, with similar inequalities, can be found in practically every county in the state.

Wheeling Winner in Checker Match at Parkview Tavern

A team of checker players from Wheeling defeated Arlington Heights last week in a checker match at the Park View tavern, in Arlington Heights. The final figures were Wheeling 38, Arlington Heights 24, a difference of only one game. This match game resulted from a challenge received from Wheeling after the recent checker tournament held at the same place.

Wheeling was represented by Earl Johnson, Herbert Lesch, Ralph Holtrop, Wm. Lawrence, Edw. Becker and Frank Hutchinson, latter two from Libertyville. Arlington was defended by Messrs. Thompson, Gieseke, Megel, Geo. Klueg, Wilbur Meyer and Frank Hertog.

Following the match, the high men on each side were pitted against each other, Hutchinson, of Wheeling defeating Edw. Thompson, of Arlington Heights.

The Arlington Heights checker men are not in the professional class, but they are ready to receive challenges from neighboring towns. Inquiries should be directed care of the Park View Tavern.

Arlington Legionnaires Choose New Officers for Drum and Bugle Corps

New officers for the drum and bugle corps of the Merle Guild post of the American Legion in Arlington Heights were chosen at a meeting last week. Phil Engelsing was elected commander, Tom Pope vice commander, Joe Klock adjutant, and Vic Pecchia business manager. Bill Simon was appointed musical director.

Plans for the year were discussed, and Warren Parker, unemployed chairman, reported only four questionnaires returned. He stated that without co-operation in the filling and returning of these questionnaires, plans for aiding unemployed would fall through. At a recent meeting Bill Keith, American Legion inspector of PWA projects, had told of the efforts of the Legion to give its men and ex-servicemen preference on PWA work.

Orville Kurtz was back from the Hines hospital and able to attend the meeting. Friday, some members of the Junior Legionnaire squadron attended an installation of officers at Crystal Lake, where George Helm, Americanization chairman for Cook county, spoke.

The squadron will meet tonight, attending meetings on the first and third Friday nights of each month instead of the corresponding Wednesdays.

SOFTBALL MEETING MONDAY Softball managers and sponsors of Arlington Heights will meet at 7:30 o'clock Monday night. Another league such as was organized last year will be discussed. Those who wish to form new teams are also being invited to attend the meeting which will be held in Hartmann's shoe store, 214 North Dunton avenue.

He stated that without co-operation in the filling and returning of these questionnaires, plans for aiding unemployed would fall through. At a recent meeting Bill Keith, American Legion inspector of PWA projects, had told of the efforts of the Legion to give its men and ex-servicemen preference on PWA work.

Orville Kurtz was back from the Hines hospital and able to attend the meeting. Friday, some members of the Junior Legionnaire squadron attended an installation of officers at Crystal Lake, where George Helm, Americanization chairman for Cook county, spoke.

The squadron will meet tonight, attending meetings on the first and third Friday nights of each month instead of the corresponding Wednesdays.

SOFTBALL MEETING MONDAY Softball managers and sponsors of Arlington Heights will meet at 7:30 o'clock Monday night. Another league such as was organized last year will be discussed. Those who wish to form new teams are also being invited to attend the meeting which will be held in Hartmann's shoe store, 214 North Dunton avenue.

Producers Get More of Food Dollar

Further cheering news for Cook county farmers is found in the fact that they are now getting a larger share of each dollar which city consumers spend for food, says O. G. Barrett, Cook county farm adviser.

In February, for instance, the most recent month for which the figures are available, farmers got 45.6 cents of each dollar spent by consumers for 10 leading food products, as compared with an average of 38.5 cents received last year and 34.9 cents in 1932. This is shown in a report from the College of Agriculture, University of Illinois and the U. S. bureau of agriculture economics.

The study is based on an analysis of prices of beef, pork, hens, eggs, milk, butter, cheese, potatoes, flour and bread, taking into account prices of these foods at city retail stores as compared with prices received by farmers for the products used to make these foods.

While the farmer's share of the consumer's dollar is now increasing, the study shows that in 1932 the farmer got the smallest percentage for any year since 1913.

There has been some increase in charges for transportation, processing and marketing since the first half of 1933, but these increases are not only about enough to account for the processing taxes on hogs and wheat and to allow for increased wage costs. There is no evidence of any general pyramiding of food prices.

Changes in the spread between prices received by farmers and prices paid by city consumers have been closely related to changes in wages and to changes in marketing methods and practices. Part of the increased spread between farm prices and city retail prices since the war has probably been caused by more processing and by an increase in services between the farmer and the consumer.

During this time there has been a decided trend away from foods bought in bulk to foods sold in small packages. Also, costs of marketing and distribution have been affected by many other things such as shifts in centers of production and population, changes in transportation facilities and changes in the marketing system.

A meeting to stimulate interest in building work financed by the FHA will be one of a series of activities of the Barrington Lions club during April.

Village Is Making Beauty Spots of Water Tower Sites

The erection of a new water tower upon vacant property adjoining the Northwest highway has in reality transferred one of the unsightly lots in the front yard of Arlington Heights into a place of beauty. It will be beautiful as soon as nature does her part.

Tower Park is the name that has been given to Arlington's newest park. Relief workers have been spending ten days leveling off, grading, landscaping and seeding this property, all without a cent of cost to the village. A spirea hedge, evergreens and ten Moline clematis, beside other shrubs are now in place, all of which were donated by Klehm's Nurseries, Wm. Luehring, village engineer made the original plans for the work and has outlined further improvements which included the erection of an entrance trellis.

More People Move to Arlington Heights

There will soon not be many vacant places in Arlington Heights if new residents continue to arrive in the City of Good Neighbors. Eight more families have arrived past ten days. Who they are and where they live are as follows:

E. B. Stein, 634 So. Mitchell.
D. M. Miller, 805 So. Mitchell.
C. W. Haneson, 634 So. Dunton.
Harry Smart, 629 So. Dunton.
Frank M. Hessler, 108 N. Dwyer.
Walter F. Storm, 627 So. Highland.

The advantages of Arlington Heights as a resident town, with the good train service attracted Mrs. Ernst Kramer and her family to make their home here. They were formerly upon a farm.

Occasionally some Arlington residents leaves town. There are only two to report, however. Jas. P. Madden is moving this week from 621 So. Belmont to Evanston. N. R. Ring is moving to Gladstone Park.

Blank has moved from Euclid to 202 So. Mitchell. Harley Easton has moved from So. Mitchell to the Haggenbrag apartments.

HOUSING WORKERS BUSY THIS WEEK

Local Business Men Making House to House Canvas

Volunteer workers are now engaged in a house-to-house canvass of all property owners in Mount Prospect. This canvass began Monday, April 8th and will end Saturday, April 13th.

The use of volunteer workers was decided upon at a meeting of the Mount Prospect Better Housing committee held March 28th. It was decided that only by canvassing every property owner could all owners be informed of the benefits now available to them as a result of the National Housing Act.

Mr. Besander, chairman of the committee, will head this volunteer army. The village will be divided into three parts, Central road to the north will be in charge of Wm. Schott, Central road to the south and east of the Northwest highway will be in charge of Frank Biemann, the south side will be in charge of T. Maseng.

The workers with each group have received full instructions as to the financial details of the National Housing Act so they can pass them on to the property owners. They also carry booklets which will be given free to property owners explaining some of the things which may be done to make property more livable and protect it against depreciation.

The north division in charge of Mr. Schott is being canvassed by George Price, Frank Schott, Otto Landeck and Adolph Goch. The Central division headed by Mr. Biemann included Dick Fredericks, Fred C. Busse, Fred Meeske, Al Wille, Henry Beigel, George L. Busse, E. T. Wolske and Chris Wille. Mr. Maseng in the South division is assisted by Harold Klopp, Emory Wolfe, Edwin L. Busse, L. E. Hodges, I. E. Besander, Carl Peterson and Rudolph Kruse.

In explaining the general purposes of the canvass, Mr. Besander said: "No property owner not fully able to do so will be urged to go into debt to make repairs and improvements. We want no one to obligate himself for an expenditure unless his income is adequate. However, we will urge everyone to support our campaign in some way."

"If an owner is unable to spend even a few dollars, we will ask him if he won't give some of his own time to cleaning up or improving the appearance of his property in order that he may contribute (without expense) to the beauty of his own community."

"The canvass will not be confined to home owners alone but will include the owners of all types of property. This is a head, good progress for improving all types of housing (office homes, business homes, factor homes) in addition to the homes in which people live."

Further details and plans will be given in next weeks REVIEW. However, we can hint this week about a prize for the room having the largest parent representation present.

Box of Smelt Sent to Local Lion's Club

The Lions Club families enjoyed a smelt feed last week-end when a large box of smelt from the citizens of Escanaba, Michigan was received by the Lions of the village.

Because of the scheduled dinner meeting on Friday night, it was impracticable to have a feed of the club as a whole. Therefore the fish were distributed to the families of the members and all participated in the enjoyment of these delectable fish.

The box of smelt was sent as a souvenir of the annual smelt run jamboree, held in Escanaba on March 29th.

The box of smelt was sent as a souvenir of the annual smelt run jamboree, held in Escanaba March 29, to mark the opening of the upper peninsula of Michigan sport fishing season. The event is celebrated each spring with a colorful parade of fishermen, carrying dipnets and torchlights. A monstrous meeting is held at the Coliseum, where the "Kingfish of Smeltiana," who this year was Dr. Harry W. Long of Escanaba, Mich., and formerly of Gary, Ind., is crowned.

Then, the hordes of sportsmen, who come from all parts of the northern Michigan resort country go to the Escanaba river, where on the signal given by the Kingfish of Smeltiana they commence dipping up the smelt from the stream by the tens of thousands.

The annual spawning of the smelt lasts for about two weeks, commencing the latter part of March.

Smelt runs are comparatively new in the upper peninsula of Michigan, although the region is famous for its brook trout, bass, pike and other kinds of fishing. Records disclose that the smelt was first introduced in Crystal Lake, lower Michigan, in 1912, having been obtained from Maine. The purpose was to use them as a food supply for landlocked salmon, which were planted at the same time.

In New England, smelt and salmon had seemed to thrive together, but in Crystal Lake the salmon failed to live and the smelt were forgotten. Ten years later, in 1922, large numbers of smelt were noticed running up Cold creek, a tributary to Crystal lake. The fish migrated to various parts of Lake Michigan, and spawning runs occur each spring in about a score of upper peninsula streams.

The smelt are multiplying at such a rate that fishermen and scientists are worried about the outcome of other species of lake fish, since it has been found that the smelt robs the food supply and also consumes the fry of the others. During the spawning run, the smelt is caught by the tons and shipped to the New York fish markets.

"West Point of the Air" With Beery at Rialto

Hollywood "joined the army" recently when a large company of stars, featured players and technicians, were sent to Randolph Field, Texas, famous \$10,000,000 air school for scenes in "West Point of the Air," Wallace Beery's new Metro-Goldwyn-Mayer starring picture to be shown at the Rialto Theatre.

The regiment of seventy cameramen, director's aides, sound recording experts, and other workers was the largest number ever sent out to a single location by the studio.

Cameras Everywhere. For aerial photography two cameras shot from the ground; two worked from a platform 168 feet in the air on top of Randolph tower, famous 4,000,000 candle power airplane beacon; two were in planes in the air, while a seventh camera "covered" from barracks roofs.

The first day's shooting included two difficult training maneuvers flown by Army aces during one of their regular flights. Nearly one hundred ships in perfect flying formation created the letters "U. S. A." and formed a triple chevron mark.

While Beery flew from Hollywood in his six passenger Bellanca monoplane with his pilot Charles Ladotte, other members of the company travelled by train. With them they carried over eight tons of cameras, sound and electrical equipment which was unpacked at the field.

It was one of the most complete "miniature studios" ever set up on a location, and included apparatus for developing and printing film so that the director could see the "tests" of scenes right on the flying field.

Famed Globe Trotter. Heading the camera crew was M-G-M's famed Clyde De Vinna, globe trotting lens expert, who has filmed pictures in Africa, the Arctic, and South seas, with Charles Marshall, aerial camera expert and a staff of ten assistants. The company made its headquarters in San Antonio, Texas, twenty miles from the famous Army training field during filming of the picture.

Notable supporting players who appeared in location scenes, with Beery included Robert Young, Maureen O'Sullivan, Lewis Stone, James Gleason, Rosalind Russell, Russell Hardie, Henry Wadsworth, Robert Livingston and Robert Taylor.

The picture is based on an original story by John Monk Saunders, Richard Rosson, who scored with his work as co-director of "Liger Shark" and "Roar of the Crowd," directed.

Center of Adonis Worship

In the days of old, Gehel, the most ancient city in Phoenicia, was the center of Adonis worship. There, on the banks of the river Nahr-Al-Ibrahim, the river of Adonis, the women of Syria still lament the death of the beloved of Venus when in autumn the red waters from the hillside swell the stream.

Old Bathrooms Can Now Be Made New

In no room is the oldness of a house more obvious than in the bathroom.

This is because the makers of plumbing equipment have so improved their products in recent years that the bathtub or lavatory of only a few years back appears out of date.

You can buy a complete new bathroom now without a down payment and on easy monthly payments because of the credit facilities opened up by the National Housing Act.

From your local bank or other financial institution cooperating with the Federal Housing Administration you can borrow as much as \$2,000 for home improvements and pay it back according to your income in a period of as much as 3 years, and, in certain cases 5 years.

What an opportunity for the home owners of America!

The photographs here show how an old bathroom was transformed. Notice the new built-in equipment, the built-in radiator, the large Venetian mirror with built-in toilet shelves, the shiny walls and floor, the built-in shower.

Think what a modernized bath like this, or perhaps an extra bath, would mean in your own home. With the modern economical materials on the market you can do the work for comparatively little if you plan it carefully.

The modern trend is to have the bathroom bright and colorful, not only as to the walls and floors, but the bathroom equipment itself. Much of the new equipment is offered in various pastel shades.

The modern trend is also toward making the bathroom large enough to serve as a dressing room, with vanity dressing table and other accessories for the complete toilet.

Much can be done, even at small cost, to modernize the old bathroom.

standing her own secret thoughts as any child. The romantic interest is provided in her relationship with Boyer, and in the conflicting relationships between McCrea, Miss Bennett and Miss Vinson.

In her new role, Miss Colbert combines the characterizations she establishes in "It Happened One Night" and "The Gilded Lily" with the more serious heroines of some of previous pictures. The result, critics agree, marks a new triumph in her brilliant career.

Idiosyncrasy
Idiosyncrasy, meaning a constitutional peculiarity, is correctly used in the same manner as one would use peculiarity. One does not say, "He has a peculiarity for strawberries," but "A peculiarity of his is a craving for strawberries." Hence, "An idiosyncrasy of his is a craving for (or an aversion to) strawberries."—Literary Digest.

VILLAGE ELECTIONS TUESDAY

Candidates in Arlington Seek Large Vote; Two Independents

The village elections occur next Tuesday. In Arlington Heights, it has been a campaign absolutely free from personalities. There are two men running as independents, Elmer Karstens is a candidate for trustee and George Kloefer is a candidate for police magistrate. While a record vote is not to be expected, efforts are being made by present members and the new candidates to interest the public in going to the polls.

The members of the present board, who, with the addition of two men upon their ticket are candidates upon the record that they have made the past term, Mayor Flentie and his associates have accomplished a great deal. They have given the village a business-like administration that has placed the finances of the municipality upon a solid foundation. The public seems to recognize the service that these men have given. An election Tuesday gives the voters of this village an opportunity to say "thank you."

The candidates upon the village ticket are: For mayor, J. D. Flentie; for trustees, Walter Krause, Gus Framberg, Geo. Schaefer, George Klehm, Geo. Schaefer, and Frank Burns; for village clerk, A. L. McElhose; for police magistrate, P. K. Ladas.

The candidates for members of the library board (unopposed) are Alfred T. Capp, Jr. and Henry R. Franke.

Arlington Theater Now Offers New Free Chinaware

Manager Godshaw, of the Arlington Heights theatre, announces the exclusive purchase of 69,000 pieces of new items of Harker's Chinaware to be added to the present collection. A \$1.50 18-inch meat platter, a \$1.25 16-inch cake platter, a sugar and creamer, soup dishes, egg plates, salad fork, sugar scoops, and a \$1.50 mixing bowl will soon be on display and the give away will start right in with the display. Many contracts for the 1935 and 36 picture output have been signed assuring the Arlington, the choice of the best and endorsed features. Many local societies, lodges and organizations have reaped splendid monetary returns from the sponsoring of evenings at the Arlington. The liberal sharing terms are inducing many others to tackle the idea.

A DesPlaines lodge and a Palatine lodge are the latest to apply for evenings. The Red Wing's baseball team sponsors are now disposing of tickets for "The Mighty Barnum," showing Sunday, and a large crowd is expected for this grand picture, with Wally Beery headlining.

The Arlington with popular Bruce Godshaw as the motivating genius is certainly on the map—conspicuously and financially. Mr. Godshaw expects to break all records with the "Lives of A Bengal Lancer," the outstanding hit for next week.

Many Improvements at Arlington Service Station

The Arlington Service station, operated by Oren Neville, will soon have greatly improved facilities in the handling of cars and be able to meet all competition in automobile servicing. A double service building is being erected and will be especially equipped for washing and greasing. The opening will be about May 1st.

Glands Must Help Brain

The brain alone is helpless, unless it is assisted by certain ductless glands, two in particular—the thyroid and adrenal glands, according to an authority. The thyroid gland excretes thyroxin, which stimulates activity, particularly of the brain, and causes the hormones to circulate, while the adrenal glands, the brains of the sympathetic system, control the emotions it is explained.
